

1 plus & minus 1 - 10 (Lösung)

$12\,800 + 5\,600 = 18\,400$

$22\,900 + 33\,800 = 56\,700$

$16\,200 - 8\,900 = 7\,300$

$85\,100 - 8\,500 = 76\,600$

$85\,500 + 5\,600 = 91\,100$

$12\,300 + 45\,600 = 57\,900$

$23\,400 - 9\,600 = 13\,800$

$98\,700 - 65\,400 = 33\,300$

$56\,800 + 55\,400 = 112\,200$

$33\,300 + 77\,700 = 111\,000$

$26\,400 - 12\,700 = 13\,700$

$85\,200 - 41\,600 = 43\,600$

$52\,700 + 26\,800 = 79\,500$

$88\,800 + 22\,200 = 111\,000$

$98\,100 - 52\,500 = 45\,600$

$65\,400 - 32\,900 = 32\,500$

$56\,100 + 14\,900 = 71\,000$

$95\,600 + 15\,700 = 111\,300$

$56\,300 - 15\,900 = 40\,400$

$87\,200 - 21\,800 = 65\,400$

$74\,600 + 22\,800 = 97\,400$

$66\,600 + 44\,400 = 111\,000$

$62\,100 - 24\,400 = 37\,700$

$85\,400 - 19\,800 = 65\,600$

$52\,800 + 14\,600 = 67\,400$

$46\,500 + 18\,800 = 65\,300$

$63\,500 - 19\,800 = 43\,700$

$96\,300 - 85\,200 = 11\,100$

$59\,400 + 19\,700 = 79\,100$

$45\,500 + 56\,600 = 102\,100$

$63\,200 - 24\,800 = 38\,400$

$95\,200 - 77\,700 = 17\,500$
